Agility Seminar with Renee White

Presented by Companion Dog Club
January 5th and 6th, 2019

We are pleased to have Renee White return to CDC in January 2019 for two days of seminars. Based on feedback we are repeating last year's format. Register soon – the seminar filled quickly.

January 5th: **Young/inexperienced dog/handler day.** This day's seminar will be focused on basic handling cues for the Pre-Novice / Novice Dog. Extension and collection exercises, tight turns, and basic crosses will all be taught to ensure your dog is getting the information you think you're giving them! **Who:** Handlers and dogs that are sequencing jumps and tunnels. Contacts and Weaves will not be taught in this seminar. **If you are new to agility seminars or just looking for some training ideas for a younger dog, this is the seminar you should take.**

January 6th: **Competition Level.** This one-day seminar will push the Excellent/Masters level team to run more efficient lines, tighten turns, analyze when to use different handling options, and ensure you're giving your dog information in a timely manner.
Who: Handlers and dogs that are training at the Excellent/ Masters Level and running full courses. The seminar will focus on handling primarily with jumps. There may be tunnels and weaves, but contacts will not be a focus of the seminar.

The number of "working spots" is limited and will be available on a "first come – first served" basis.

Price for working spots: Both days $250.00 – one day $135.00.

Auditors are also welcome: $75.00 both days – One day $45.00 – with working spot one day and audit the other $25.00.

Lunch will be a Potluck this year.

Renee White is a trainer, exhibitor, and teacher from Adel, Iowa. Renee is known for her work with Belle (a lab) and Scram (a Border Collie). She has competed at the highest levels and is known for adjusting seminar content to the level of each participant.

Working spots are full. There is a "wait list" for both days. Audits welcome both days.

Your Name: _____ Your Dog's Name: _____

Email Address: _____ Your Dog's Breed: _____
